

The Top Brick Quick Complaint Letter

Please read these notes carefully: this form must be filled in neatly using a blue ballpoint pen or in a messy, deranged fashion with a black Bic pen. Emersonac Studios and Top Brick reserve the right to store your details and idly give them to one of those companies that sends you emails about enlarging your tiny gentleman's area.

Form TB/04-2.

Dear Top Brick,

I was **appalled/disgusted/outraged/disgusted** by the recent Top Brick episode in which **Gundom/Emersonac/Lucas/That other dumbass** quite blatantly **spoke/ranted/drank Baja Blast/was racist** like an absolute **idiot/retard/fool/maniac**.

This is an **appalling/outrageous/disgusting/erotic** example to be setting **AFOLs/TFOLs/young children/my friend Jerry**.

I will be making a point of sitting through every hour of every future episode of this **appalling/outrageous/disgusting/erotic** podcast that I claim to dislike in order to ensure that this sort of **fucked up/idiotic/horrifying/sexual** behavior does not occur again.

If this disgraceful **man/child/lady** doesn't clean up his/her act, I'll be forced to write a stiff letter of complaint to **TD Bricks/the LEGO Ambassador Network/RoLUG/Brickfleet**.
